Advanced Leadership Coaching

Overview

To overcome today's business challenges, coaching is an essential *leadership* skill.

- Leaders need to inspire their people, to retain their best people and to unleash creativity and responsibility in everyone
- Leadership coaching is the most effective way to enable teams to deliver extraordinary business results
- Leadership coaching supports the human element of organisational transformation

Coaching leaders, and leading with a coaching style, requires specialist skills; it is important for managers, leaders and coaches to coach to a professional standard, with high levels of integrity. Explore the meaning of effective leadership and its links to coaching; develop your coaching skills in practice sessions, receive feedback from your peers and build on your strengths.

This workshop is the third of three steps in an accredited programme recognised by the International Coach Federation (at 'Associate Certified Coach' level - with an optional fourth module to take you to 'Professional Certified Coach').

The Forton Group's modules 1-3 (Ignite, Developing, Advanced) meet the International Coach Federation minimum requirements for full membership.

This workshop is for

This workshop is for leaders and coaches working towards the "Certified Leadership Coach" and "Associated Certified Coach" qualifications; internationally-recognised by the ICF.

Experienced managers with coaching experience looking to

- Develop their leadership coaching skills to a professional level
- Motivate and lead others, even in complex and challenging situations
- Inspire others to achieve more by being an authentic leader
- Unlock people's potential by building on their emotional intelligence
- Change the culture to one where everyone takes responsibility and shows leadership
- Develop your personal awareness and improve your influencing skills

People with intermediate coach training, wishing to

- Achieve a recognised qualification
- Add depth to their coaching by developing leadership coaching techniques
- Apply advanced emotional intelligence tools in their coaching
